

## ■ EXECUTIVE & TEAM LEADERSHIP TRAINING

### **Executive Coaching**

One-on-one executive coaching designed to guide the CEO in developing exemplary communication skills and discovering ways to use those skills to motivate and inspire others. The unique strengths of the CEO will be identified and ideas created to use those strengths to the best advantage of the leader and the company.

This comprehensive coaching zeroes in on all aspects of leadership, which will result in your staying on task, enjoying your role as CEO and obtaining the results needed to build the company you have envisioned.

### **Senior Management Coaching & Team Mentoring**

The senior management team coaching provides senior level management workshops and individual training that develops their skills and turns managers into leaders. We focus on accountability, execution, identifying needed results and putting a plan in place to achieve those results.
